

ADDENDUM No. "1" to RFP No. B2014019

RI Veterans Treatment Calendar Program Evaluation

Date of Addendum No. "1" Issued: November 20, 2014

Purpose of this Addendum is to:

- ❖ Provide answers to questions received by the Judicial Purchasing Office.

- ❖ Extend the bid opening to Wednesday, December 3, 2014.

- 1) We would like to respectfully request a short extension beyond the November 25 at 10:00 AM due date and time, given that questions on this RFP will not be addressed quickly enough for vendors to adequately address them in a timely manner. An extension to December 3, 2014 will fall within our deadline timelines, but any further than that will begin to create issues with our time/task plan.
- 2) Is there a page limit? No page limits
- 3) Are there other formatting requirements for the application? No required formats
- 4) Is the vendor expected to pay for participant incentives? At this time we are currently working with our grant manager to move these within our budget. As it is right now the vendor will be required to give these incentives to the participants at GPRA data collection points that begin in the second year, these are currently written into their budget at a cost rate of \$1275.00 per year and a total of \$2550 over the two years. We are hopeful that we will be able to move these incentives into our own budget for ease of payment as PTSU as we will be in more contact and communication with the participants at these reporting points. We will notify awarded vendor upon confirmation from grant manager and SAMHSA.
- 5) Are the insurance issues listed in Sections 5.0 and 6.0 (and on page 19) expected to be addressed in the response to the RFP or upon award? These issues will be addressed upon award.
